STANHOPE NOTES

by A. F. Stevenson

The concert presented by the Haliburton Highlands Guild of Fine Arts Choral Society, Wednesday, December 10th was a most enjoyable program of excellent singing. The large audience was thoroughly enchanted by the performance of the 40 voice choir and showed their appreciation at every opportunity. The quality of leadership given the choir by Mrs. Marilyn Stouffer was evident as the entire group responded to her fine direction with an outstanding performance. The county of Haliburton can very well be proud of this excellent choral group, and Stanhope can also be proud since this township is well represented among the singers from various parts of the county who comprise the membership of the choir.

Stanhope firemen held their annual Christmas party Saturday, Dec. 6th and as usual it was an event that was a happy one for the children and for the senior citizens. The firemen have extended this hospitality to the seniors of Stanhope township for several years and the members of the department and their ladies deserve a hearty expression of thanks for their efforts.

Recently we said that the new assessment notices would be out early in December and while this is true of many areas, we are now informed that it will be some time in January before the notices are received in this area.

Council has almost completed the task of appointing the various volunteer members to the several committees which serve the community. There are some new faces which is a welcome sign of peoples interest in the activities in the township. We understand that the fire department have also acquired two new members one of whom has had useful experience as a volunteer fireman elsewhere.

It appears as though the New Year will be brought in with plenty of merry making as dances in this area are sold out for New Years Eve. Let us hope that good sense will prevail and that all will find it an occasion for joy as well as for caution.

Speaking of caution, anyone planning to use the lakes should be very careful due to the variation in ice thickness that seems to prevail in a number of lakes. The best advice is to be familiar with the lake, or seek the advice of persons familiar with the lake conditions before entering on the ice surfaces.

As 1980 joins the past, one gives thought to 1981 perhaps with a glance to the future with its challenges. For some these are the usual demands of meeting the family needs, or the needs of the future. For others it may be simply a challenge to seek out ways in which to be useful.

Some people would prefer to be aggressive while others will see the need for some restraint. We have opted for the latter course and have met criticism which has most times been favourable and at other times less so. We have been told we are not provocative enough or have constantly "espoused the virtues of council."

Anyone has the right to dissent, but Stanhope is gradually recovering from the wounds of dissension and needed a period of recovery, free from frivolous criticism. If commenting occasionally on the well meant efforts of some council members has caused pain for anyone we do NOT apologize. The recent election indicated that while there may have been some complaints, there were few serious ones, otherwise dissatisfaction would have produced more challengers attempting to replace the incumbents. The issues of the coming year include some which are known to most people in the Township and the first to make itself felt will be the new assessment program being put into effect by the Ministry of Revenue for Ontario.

How this will affect us can only be known when the information is received by the taxpayers and after all the affects of the program become evident. For instance, as the assessments are equalized in this county there will likely be a redistribution of County educational levies on the townships and this could mean further easing or increasing of the cost to the taxpayer.

One thing can be taken for granted and that is that not everyone will be pleased with the suggested changes. The township of Stanhope has added its support to the Municipality of Haldimand-Norfolk re their objections to the establishment of the proposed industrial waste disposal site at South Cayuga. It should be remembered that while other concerns do exist in this matter, the issue at this moment is the action of the Ministry of Environment for Ontario in acting without consultation with the municipalities.

The existence of the Environmental Assessment Act has given rise to a belief that the concerns of a municipality would be given attention or consideration in matters of this nature. The complete disregard of this Act, and the protection municipalities thought they were assured of, has to be a matter for vigorous objection. As one observes the actions of Provincial Ministries it becomes difficult to avoid the conclusion that the most promising phrases in many of the Provincial acts are worded so as to blind us to what is not said.

We wish all a good and an interesting New Year and may it bring Spiritual comfort to all who have been saddened.

Heldman shatters five game record in Colt 45 Open

Bowling at Towne Bowl in Kitchener Ont. in the qualifying rounds of the 1980-81 Carling O'Keefe Open, Marj Heldman of Waterloo rolled 309, 378, 211, 3882 and 371 for a 1657 total, the highest five-game score ever bowled by a woman. The big score shattered the previous mark of 1593 held by Lorry Bates of Toronto. Bates established her record during the playoffs of the ladies City Major league upstairs at Olympia Edward Bowl.

Heldman refers to Towne Bowl as her favourite lanes. "I've bowled all my best scores there," she said, "including my only perfect game." Moreover, Heldman was averaging just over 260 for the first 15 games of the 20 game qualifying rounds. Adding in the 1657 total raised her average to 277 and naturally first place in the Conestoga zone.

Midgets in slump, run winless streak to six games

MINDEN — The Minden midgets find themselves in a slump, which couldn't come at a worse time as they tangle with a Danish midget team touring Ontario. However, this just might be the tonic they need to break out of their five game losing streak. Their latest setbacks have been at the hands of Beaverton 6-4 and Haliburton 6-5.

In the Beaverton game, the visitors jumped into a quick 3-1 lead in the first period and Minden never did recover. Tim Wood scored the lone opening period goal to give Minden a 1-1 tie, assisted by Terry Allore and Harold Cowen.

In the second, Minden cut the lead to 3-2 on a goal by Eldon Bull from Andy Pristol and Greg Austin. However, Beaverton restored their two goal lead before the end of this stanza.

In the third, Minden scored at the 1:57 mark but the goal was disallowed. This setback allowed Beaverton to open up a three goal lead at 4:28. Bob Edge reduced the deficit to two goals at 7:37 from Bull and Pristol. Beaverton then scored their sixth at 10:26. Bull got his second of the evening at 13:45

Eggs cost 8 cents more per dozen last month, survey says

Increased egg prices made rum and eggnog, the seasonal beverage synonymous with Christmas, a little more expensive this year. A survey by the Canadian Press of food prices across Canada showed that the price of a dozen large eggs rose as much as eight cents this past month.

In Ottawa, where the largest increase occurred, cost of a dozen eggs rose to \$1.26. The Canadian Egg Marketing Board blamed soaring feed prices and high interest rates for the increased prices.

Beef prices also were affected by higher produc-

tion costs, with consumers in Quebec City now paying more than \$4.00 a pound for round steak roast. To make matters worse, a decline in world food stocks prompted warnings this month by the Retail Council of Canada that 1981 will bring additional price increases.

In its annual forecast, the council said, "All indications are that the price of food in supermarkets will rise by 13 to 15 percent, probably closer to the higher end than the lower."

The survey, conducted on the last Monday of each month in the same supermarkets in each of 12 Canadian cities, includes one pound each of round steak roast, weiners (not all beef), centre cut pork chops, Grade A chicken, medium ground beef, frozen cod fillets, margarine in tub, tomatoes, drip coffee and apples.

Also included are a dozen large eggs, one litre of two percent milk, a 24 ounce loaf of sliced white bread, a 12 ounce bag of frozen peas, 10 pounds of potatoes, two kilograms of granulated white sugar and a 28 ounce tin of halved pears.

The survey is not intended to provide a city by city comparison because the product sampling is small. It shows price trends in specific stores in certain cities for a limited number of items many families might purchase.

The latest price checks show:

St. John's, Nfld.: Wiener were up 28 cents to \$2.53, ground beef nine cents to \$2.18, eggs two cents to \$1.47 and apples 13 cents to 73 cents. Tomatoes were down 51 cents to 78 cents. Cost of the December basket was \$34.90, up one cent from November when it was \$34.89. Cost in December, 1979 was \$31.34.

Halifax: Round steak roast was up 10 cents to \$3.78, ground beef 20 cents to \$2.28, cod 19 cents to \$2.08, eggs three cents to \$1.31, peas 36 cents to 88 cents, apples five cents to 57 cents and coffee 10 cents to \$3.99. Wieners were down 30 cents to \$1.29, pork chops 71 cents to \$2.28, chicken 30 cents to \$1.39, bread two cents to 67 cents, tomatoes 10 cents to \$1.19 and sugar 54 cents to \$2.75. Cost of the basket was \$29.94 — down 94 cents from the previous month when it was \$30.88. Cost one year ago was \$26.95.

Charlottetown: Tomatoes were up 50 cents to \$1.29, pears 41 cents to \$1.70, apples 19 cents to 56 cents, peas 10 cents to 69 cents, potatoes 20 cents to \$2.09, bread three cents to 75 cents, eggs three cents to 1.38 and round steak roast 10 cents to \$3.58. Pork chops dropped \$1.41 to \$1.98, chicken four cents to \$1.45, ground beef 50 cents to \$1.98, cod five cents to \$1.94 and coffee 20 cents to \$4.39. Cost of the basket was \$30.75, down 64 cents from November when it was \$31.39. Cost in December, 1979 was \$26.14.

Saint John, N.B.: Coffee rose \$1.30 to \$4.99, pears four cents to \$1.43, potatoes 10 cents to \$2.09, margarine two cents to 81

cents, eggs five cents to \$1.37, cod 60 cents to \$2.49, chicken 20 cents to \$1.69, wieners 56 cents to \$1.85 and round steak roast 10 cents to \$3.58. Ground beef was down 40 cents to \$2.08, bread three cents to 68 cents, tomatoes 20 cents to 79 cents, apples 10 cents to 43 cents and sugar 28 cents to \$3.13. Cost of the basket was \$32.32. Cost in November was \$30.26 and one year ago, \$24.41.

Anson, Hindon and Minden Council Minutes

MINDEN — The second meeting of the council for Anson, Hindon and Minden was held in the municipal chambers on Dec. 17th with the following municipal business conducted.

COUNCILLOR APPOINTED

Council appointed Larry Cummins to the position of councillor for the townships of AH&M pursuant to the municipal act. The clerk-treasurer administered the Declaration of Elected Office and Oath of Allegiance.

Sgt. William Bailey of the OPP detachment was present to meet the new council and discuss matters of mutual concern. He advised that a 9 year lease remained on the present building and extensive fund had also been spent on repairs so it did not appear that the station would be relocated in the near future. The problem of understaffing was discussed and council agreed to support a request to the Attorney General for additional OPP manpower.

Peter Carroll of McGillivray and Company attended the meeting with regard to increasing the water consumption and sewer rates for 1981. Council agreed to review the proposals recommended and directed both the auditor and clerk-treasurer to obtain information from the Ministry of Environment.

Norton Announces 10 Initiatives and 30 Per Cent Increase in Day Care Funding

Ontario's Community and Social Services Minister, Keith C. Norton has announced 10 new day care initiatives involving an approximate 30 percent increase in provincial funding for the fiscal year beginning April 1, 1981.

Mr. Norton noted that the new initiatives will mean an additional \$11 million in government funding for day care, \$1 million of which will be available as of January 1, 1981 as announced by the Provincial Treasurer in his November 13 economic statement.

That \$11 million, combined with the economic adjustment still to be announced and applied to all existing programs will raise the provincial day care budget from approximately \$49 million, this current year's total, to approximately 63 million for next fiscal year, Mr. Norton explained.

Ontario has long been a leader in the area of day care in this country, the Minister said. These 10 initiatives will confirm and strengthen that leadership role.

"With these initiatives we'll be providing more dollars for subsidies, approving more spaces and taking a broader approach to day care than any other province in Canada."

The 10 new initiatives being introduced by the Government will address the five major day care problem areas identified by the Ministry as the result of an 18-month review of day care policy and programs, Mr. Norton said.

These problem areas are:

1. the shortage of information to assist parents of young children in making appropriate decisions in regard to the raising of young children;

2. the relatively limited range of types of day care services available from which parents can choose;

3. the need for additional, subsidized spaces;

4. the need to use available resources more effectively;
5. how best to help improve the quality of informal day care.

Details of the initiatives are as

follows:

- \$3.75 million to provide for 1,500 subsidized spaces in licensed or supervised day nursery programs;
- \$2.4 million to help municipalities deal with inequities in funding subsidized spaces in private day care centres;
- \$450,000 to increase services for infants in supervised private home day care programs;
- \$430,000 to expand day nursery services for handicapped children;
- \$1.3 million to encourage the start-up of new non-profit day care programs and by parent-boards or employee-employer Boards;
- \$900,000 to establish a series of pilot projects designed to enhance quality of informal day care arrangements;
- \$850,000 for a public education program to increase awareness of parents of the important questions to be considered in child-rearing and child care arrangements;
- \$50,000 to test two family group day care projects, a concept that has proven successful in other jurisdictions;
- \$300,000 adjustment in levels of subsidization as the administration of day care subsidies is streamlined;
- Development of services plan for day care in the two largest municipalities, Metro Toronto and Ottawa-Carleton.

Mr. Norton said: "These day care initiatives and budgetary increases reflect our intent to expand and to enhance day care programs and services in this Province."

"I am confident that our commitments will strengthen the capacity of parents to perform their child-rearing responsibilities."

"At the same time, we will be ensuring that the provision of public resources is directed first to those with the greatest social and financial need."

Canada Farm Show heading for new records in 1981

MORE THAN 68,000 VISITORS are expected to attend the 1981 Canada Farm Show, Jan. 27 to 30, at the Coliseum, Exhibition Place, Toronto, to see what's new in equipment and products for the farm.

MORE THAN 500 EXHIBITS of latest farm equipment and supplies, including big displays by the major farm tractor manufacturers, will be seen by visitors to the 1981 Canada Farm Show.

hundreds of other manufacturers and distributors to 6 p.m. daily. Evening of farm equipment and events in the Coliseum supplies," Mrs. Morris Arena start at 6.30 p.m. said. "Exhibitors, range from companies handling two or three lines of farm equipment to others who distribute upwards of 20 or 30 different lines. It's estimated that more than 3,000 companies are represented in the exhibits."

Show attendance records reveal that over 80 per cent of those engaged in agriculture in Ontario attend along with hundreds of visitors from farming communities in neighbouring provinces and states. These farm visitors are joined by farm equipment dealers, manufacturers, distributors and wholesalers as well as government representatives, agriculture students, press and special guests.

Groups of visitors will be attending the 1981 show from Australia and New Zealand. The show is also included in a special Canada/U.S. tour organized by the Canadian Farm & Industrial Equipment Institute.

Along with the exhibits, the show features a program of special events including tractor pulls, draft horse draws, cattle sales, a special ladies' program and other attractions to capture the interest and attention of visitors.

TORONTO:- After topping all previous records in exhibits and attendance this year, the Canada Farm Show is heading for an even bigger event in 1981, according to the show organizers.

The 1980 show at the end of January drew a record attendance of more than 68,000 visitors, featured displays by 529 exhibitors, occupied 300,000 square feet of space, and attracted the largest crowds yet to various show features.

Now plans are set for the 1981 show to be held in the Coliseum complex of buildings at Exhibition Place, Toronto, January 27 to 30, and it's shaping up to be even more successful than the previous show, said Dawn Morris, show manager.

"Exhibit space in next year's show has been booking at a faster rate than in previous years," she said. "We've also added a new show feature, expanded our catering facilities for visitors, and increased the prize money for our feature events. The outlook is for our biggest show yet in 1981."

Sponsored by the Ontario Retail Farm Equipment Dealers Association, the four-day show will again occupy all available space in the Coliseum complex of five exhibit buildings, plus the Coliseum Arena and parts of the adjoining Horse Palace at Exhibition Place.

Total floor space occupied will exceed 300,000 square feet to exhibit new machinery, equipment, supplies and services for every segment of agriculture, and to accommodate various feature attractions and show facilities.

"The show is entering its 35th year of operation and it just keeps on growing each year in number of exhibitors, exhibit space occupied and visitor attendance," Mrs. Morris said.

The 1981 show will again bring together displays covering the gamut of farm

equipment needs, ranging from equipment for the largest corn, grain, dairy and beef operations to products for the custom farmer and small specialty farm.

"Our 1981 exhibitors include the major tractor manufacturers and short line companies along with
